**LEUT-COMMISSIONER** and Mrs. Duce have just returned from a tour of inspection of the Territorial and to Dairen in Manchuria. The program arranged was a very full one, and involved no small amount of strenuous physical labor. We are grateful to God that the same has been completely carried out, and neither the Territorial Commander nor Mrs. Duce were fatigued by the after-effects of the strenuous efforts put forth.

## A Railroad Collision

The first place on the itinerary was Hamamatsu, and en route the train passed the scene of a collision between a local train and a passenger train which occurred at Horiochou, and it is understood that several people had been seriously injured. The way, of course, was good work in ruins on the Salvation Army's side, and there was a remarkable display of the fact that the Army's influence in China has increased many dangers seen and unseen, but with confidence in God comes the realization that our children in His hands. The trip at Hamamatsu turned out in splendid style to a great party, and an Officer's Band played some fine arrangements. A very good soldiers' meeting was held, followed by a well-attended gathering at night in the Jitoku hall, while terminated with a dinner at the messes. The next day much time was devoted to Officers' meetings, and time was also made for a visit to the local church, which presented a "new hall." Incidentally, the Treasurer of the Corps secured this land by laying down the requisite money, willing to give you 5,000 as a donation when the scheme is finally settled.

At Kyoto there proved to be a very good audience, which nobly assisted in the meetings, which were held in our own building. The Local Officers splendidly shouldered the responsibility of entertaining the visiting Officers.

## "Save the World" Army

The next place was Kobo, where a big crowd met the party, and a fine meeting was held in the evening. The following day a start was made for Asahikawa, where the party arrived in a church. Five recruits were sworn in as soldiers, and a man who had been converted from drunkenness, who had been a drunkard, was so inspired he completely forgot his nice speech and launched out into a soul-inspiring testimony.

**SINCE** the beginning of constitutional law, the problems of the prevention and punishment of crime have been the subject of serious study. It has been found that the medium between turning the offender into a hardened criminal through severe punishment, and lenient and encouraging punishment by the infliction of deadly punishment,

Experiments have been made from time to time with varying success, but few, if any, have been rewarded with such results as those achieved by The Salvation Army. The Army's soldiers believe in the love of God, and through that love reach the hearts of the most sinful of men. Salvationists have been converted from the depths confined within the walls of our prisons, as are fully members of the greatest family of God's children as those who remain in their cells. Our Officers unlock the heart which has been tightly closed to the message of Hope thus come to them from prison, and their parents, with whom they have left the prison-cell, work instead better for their incarceration.

Printed for The Salvation Army in Canada  
By The Farmer's Advocate & Wellingtonian,  
Toronto; Notre Dame and Langlois,  
Montreal; Winnipeg, Manitoba.

## Editor's Desk

This issue, with exception of the Christmas Number which is already in many of our readers' hands, will be the last to be published this year. Our next number will appear well ending Jan. 1st, 1921.

We have been blessed with a measure of success during the past months for which we are deeply grateful, and our earnest wish for the Canada West War Cry during the coming year is that it will be even more than ever it has been in the past as a medium, *First*: For spreading the pure and unadulterated Gospel of the Lord Jesus Christ. *Second*: For publishing an up-to-date record of the doings of our world-wide, God-given, Divinely-led Army. *Third*: For inspiring others to fight for their Redeemer beneath his sacred banner, the Yellow, the Red, and the Blue.

We take this opportunity to thank our readers, our contributors, and especially those who have given expression to a kindly word of encouragement from time to time.

In the past few days of this year we should escort one and all to join us, and in 1920, as Paul the great Apostle let us say, and by the grace of God command, "If any one thinks he is behind, and reaching forth unto the things which are before, I press toward the mark for which I am going, forgetting those things that are behind, and reaching forth unto the things which are before, I press toward the mark for which I am going, high calling of God in Christ Jesus."

## Under The Army Flag

Commenting editorially on the great public service conducted by The Salvation Army in London on Armistice Day, the British War Cry writes as follows:

"Armistice Day was a proud day for The Salvation Army. Not only was it the birthday of the Staff, in the absence of The General, but also the representative of The Organization to participate in the solemn observances, held by the King at Westminster, but in the heart of the great city, the metropolis of the world. The Army, to all intents and purposes took part in the service carried through a solemn service under the eye of the Queen, but simply. We must rub our eyes. That time was when Salvationists were denied not only religious privileges but many other civil and political citizenship. They were hounded at spot up, and hustled off the pavement, now that we are coming into our own again, we are allowed to preserve the same humility and self-sacrificing spirit that has made The Salvation Army the exalted name it now is in the world."

## Chief Secretary's Notes

**PROMOTION** — The Commissioner informs that the General has promoted Brigadier John S. McLean to the rank of Lieutenant-Colonel. We send our congratulations, and wish for them continued success in his work, particularly in the ranks of The Army and the world. It is thirty-three and one-half years since the Colonel became a Captain, and thirty-four months since Mr. McLean started training.

**Speaks to Young People**  
On Monday, Nov. 29, the Commissioner conducted an Officers' Council with the visiting and returning Officers in Regina. A special meeting of the Adjutant Officer, after which the Officers listened to an inspiring address from their Leader. Whether or not the members of The Salvation Army are ready to impart knowledge and counsel regarding those things pertaining to the campaign.

**Taking Night Services** — The General has decided that the first week in the month of December will be "Night Call" for reorganization. The first week in the New Year is to be given up to this purpose, commence with the first service on January 1, 1921.

It is to be a simultaneous movement all over the world.

has decided that the first week in the month of December will be "Night Call" for reorganization. The first

week in the New Year is to be given up to this purpose, commence with the first service on January 1, 1921.

It is to be a simultaneous movement all over the world.

**Speaks to Young People**

Then followed a World Call to Prayer.

The General called to take place the second week, commencing Sunday, Jan. 5, 1921. It is to be looked upon as a preparation for what is to follow, the return of the Officers to their plan of campaign as already arranged by the Commissioner in this Territory.

**Lt-Colonel Phillips** has just extended his leave of absence and is now free to meet at the No. 1 Citadel, Winnipeg, the converts saved in the recent campaign conducted by The General. He has been taking the special soul-saving meetings as arranged by the Commissioner, as well as those convened in the meetings of the local Corps. Over one hundred and seventy invitations have been sent to converts!

**Later (as we go to Press)**

The following day brought with it a time of activity for my Leader. An inspection took place at D.B.Q., following which the Commissioner and General, where for over a hour, a meeting was conducted with the men. Over 100 of all ages were present, from the age of eight to those in their sixties. A new power will be yours, a new heart will He give you, and a new life.

Again God manifested Himself in our midst with the Salvation of more souls, being twenty-two to date.

The following day brought with it a time of activity for my Leader. An inspection took place at D.B.Q., following which the Commissioner and General, where for over a hour, a meeting was conducted with the men. Over 100 of all ages were present, from the age of eight to those in their sixties. A new power will be yours, a new heart will He give you, and a new life.

Again God manifested Himself in our midst with the Salvation of more souls, being twenty-two to date.
